TO WHOM IT MAY CONCERN

**RE: Recommendation letter: Mr. Victor C. Kipchumba – V01/90141/13**

This is to certify that the above named person has completed the **Diploma in Animal Health** program in the Faculty of Veterinary Medicine and Surgery and is due for graduation. This program is uniquely tailored to train and equip a diplomate with adequate theoretical, and practical knowledge in farm animal health and disease control. It focuses on practically oriented animal health extension services delivery to farmers.

We have known this **student** for the past **three years during which time he did and passed all our** course work examinations satisfactorily. Staff members in the faculty had ample opportunity to observe the student participation and interaction in class work and to evaluate the scholar's knowledge of the subject matter. He was an outstanding learner in all respects and has proven that through hard work, follow through, and team work, one can accomplish tasks in a courteous and timely manner.

The student was a focused, easy to work with person who displayed humility and perseverance in achieving his goals. He has a high capacity and ability to grasp new concepts and reason analytically.

In general, the student is friendly, has a pleasant character and has remarkable ability to adapt to varying circumstances, a quality that would make him an asset to your organization

Please feel free to contact us if you need any additional information or perspective.

Thank you,

Prof. Nyagwa C. Muleke, Ph.D.

**Dean: Faculty of Veterinary Medicine and Surgery**
